

TIBCON has more than 25 years of experience in manufacturing capacitors for Lighting applications. Over the years TIBCON has continuously engineered capacitors which are 100% reliable and long lasting. Our state of the art manufacturing line and stringent quality control systems ensure 100% reliability. TIBCON capacitors offer a high reliability and operating life required in the lighting applications. We offer a wide range of lighting capacitors for various applications, such as Compact Fluorescent Lamps (CFL) and HID Lighting Ballast. All of the above are designed to have a minimum capacitance droppage and minimum failure rate. TIBCON Capacitors are used by leading Lamp Ballast Manufacturers all across the world.

TIBCON ADVANTAGE

Characteristic Features

- Made with special technology metalized film that extends the life of the capacitors.
- Manufacturing process of the capacitor is tailor made to suit the requirements of the application.
- In built discharge resistor.
- Low internal power losses conserve energy.
- Non PCB Encapsulation.
- ECO Friendly.
- Can operate at 105°C temperatures for HID Ballasts.

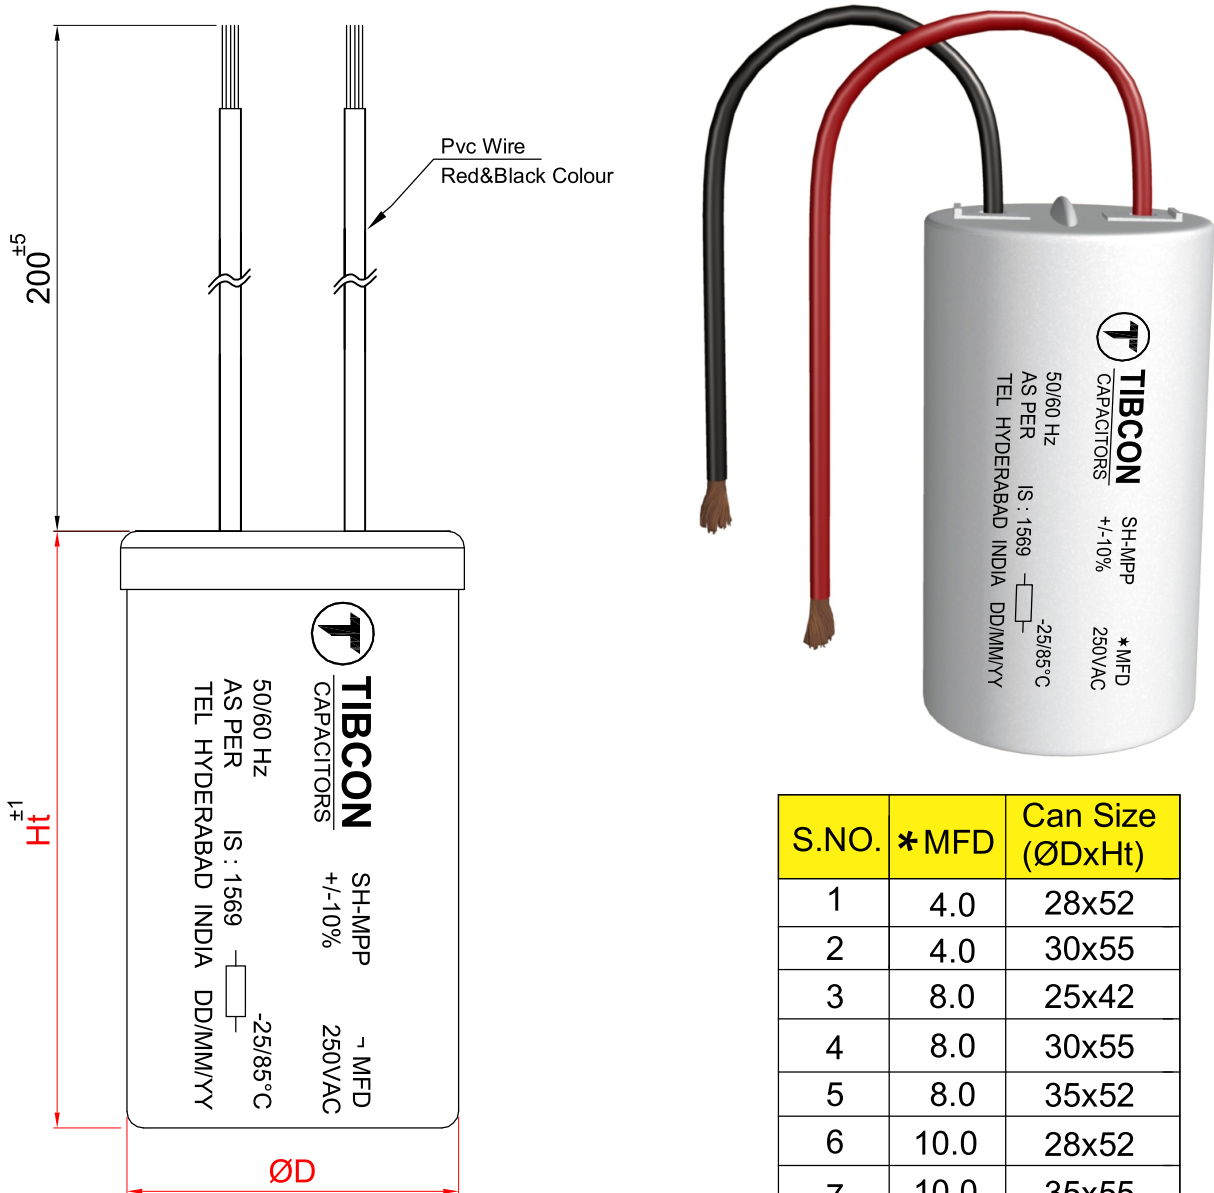

Tibrewala Electronics Limited

Tibrewala Electronics Limited, Hyderabad, is one of India's leading Capacitor manufacturer with ISO 9001-2008 certification. We are equipped with the latest and world class state-of-the-art manufacturing plant.

Manufactured by :
TIBREWALA ELECTRONICS LTD.
6-56/2/40, Bombay Highway, Balanagar, Hyderabad-500 037, AP, INDIA.
